December 18, 2025

ELK GROVE POLICE DEPARTMENT

TRAINING BRIEF

FLOCK UPDATES

FLOCK UPDATED SEARCH REQUIREMENTS

- **The "Offense Type" field is now a mandatory drop-down aligned with NIBRS codes for standardizing plate inquiry reasons.**
- **A report number or CFS is required for your "Reason". If a CFS/report number is unavailable, please provide a description (e.g., Stockton BOL).**

Why is this Important?

- **Audit reasons are subject to PRA or FOIA requests**
- **The search reason should be easily associated with an investigation to confirm the search is for "legitimate law enforcement purposes" per policy**

For Your Information:

Flock's Audit logs will no longer show Officer names, specific searched plates, or vehicle fingerprint information. This info was previously accessible on public websites (example below).

Have I Been Flocked?

Important Reminder: Releasing ALPR Data

- **California Law prohibits LEAs from sharing ALPR information with private entities or out-of-state or federal agencies including entities such as FBI, ATF, & Dept of Homeland Security**
- **LEAs' individual databases should not be used for the purpose of immigration enforcement**
